

## **Harold Hugg**

Harold worked for over forty years with the Government of Saskatchewan retiring in May 2017. Most of his career was with the Ministry of Highways and Infrastructure with a career devoted to the development of strategic transportation policy and programs in the unique challenge of delivering transportation services and infrastructure to, from and within the province. In his role prior to retirement as Executive Director, Transportation Policy and Regulations, Harold was responsible for providing tactical leadership and direction in developing strategic policy and planning for Saskatchewan's transportation systems. This included physical infrastructure for highways and airports operated by the province, trucking policy and a regulations for commercial vehicles operating on this system and leading the development of provincial policy framework for rail, air and marine transportation systems regulated or operated by the federal government and or private operators.

Harold has developed extensive knowledge and skills respecting federal, provincial and municipal negotiations and consultations. Harold also has an excellent knowledge and appreciation of government decision-making and policy program development processes at all levels.

Harold served on the Regina Beach Town Council for 10 years and is a active member of his community and a member of the Regina Beach and District Lions Club.

Harold is currently a Director on the Board of the Regina Airport Authority and a Director on the Board of the Saskatchewan Retirees Association.

Harold hold a of Bachelor of Arts degree from the University of Regina.
