

Notice of Long-Term Public Parking Rate Change

Regina Airport Authority Inc., the non-profit organization that manages the Regina International Airport (YQR), conducted a market assessment to compare its parking rates with other airports and other Regina institutions. YQR parking rates were evaluated to be below market. As such, the Airport will be raising its rates effective July 1, 2011 to better reflect current market rates. This rate increase will help contribute necessary revenue towards an aggressive capital program which includes addressing Airport parking requirements in the long term.

NEW RATES Effective July 1, 2011:

- \$2.⁰⁰** First hour or part thereof (unchanged)
- \$1.⁵⁰** Each additional hour or part thereof
- \$11.⁰⁰** Max per 24-hour period
- \$77.⁰⁰** Max per week

(Above rates include GST)
