

## NOTICE TO THE PUBLIC OF FRAUDULENT ELECTRONIC COMMUNICATIONS

Regina Airport Authority (RAA) has recently learned that our organization's name and the Regina International Airport are being associated with fraudulent electronic communications (i.e. text messaging, instant messaging, email) requesting the recipient to transfer money to the sender.

RAA has not authorized the use of its name, logo, and business associates and is not associated with the electronic communications in any way. We recommend that you refrain from contacting the sender and report the fraud to the Canadian Anti-Fraud Centre at [www.antifraudcentre-centreantifraude.ca](http://www.antifraudcentre-centreantifraude.ca) or toll free at 1-888-495-8501.

RAA asks that anyone that has acted upon a fraudulent request contact your local police service.
